

Datacard® EZ-ID

# HIGH-QUALITY IDS IN MINUTES

Out-of-the-box ID Solution

## Perfect for basic ID programs

The Datacard EZ-ID System puts everything you need to issue high-resolution, color photo ID cards in one simple, quick-to-deploy package. The Datacard® SD160™ card printer, Datacard® TruCredential™ Software, webcam and supplies offer everything needed to create a custom ID program — without the high cost or complexity.

## No-hassle setup

Intuitive guides make implementation a breeze for even the most non-tech-savvy. Just three easy steps:

- 1 Upload your card design
- 2 Take a picture with built-in photo capture
- 3 Click “print”

## Add affordable security where you need it

The basic EZ-ID package offers UV printing capability, giving you an affordable way to add a hidden security feature.

## Complete solution: proven technology and expertise

Entrust Datacard created the EZ-Card program to make it easy to implement and manage an ID card program. Proven hardware and software deliver reliable performance — and unmatched expertise is there when you need it.

**Datacard®**

## What's in the Box?

- Datacard® SD160™ Card Printer
- Datacard® TruCredential™ Software
- YMCKFT UV print ribbon
- Logitech C920 HD Pro Webcam
- 250 blank white PVC cards (with magnetic stripe when appropriate)

## Easy-to-Use, Complete Solution

 <h3>1. Design Your Card</h3>	 <h3>2. Take Picture</h3>	 <h3>3. Click "Print"</h3>
<p>Powerful, flexible and user-friendly, TruCredential Software provides the core tools you need to easily design and manage data for ID cards. This custom version of TruCredential Express offers easy set-up through the QuickStart Wizard or the ability to simply design a card from beginning to end.</p> <ul style="list-style-type: none"> <li>• Create card layout and designs</li> <li>• Capture and manage data</li> <li>• Add logos and other graphics</li> <li>• Utilize intuitive point-and-click navigation</li> <li>• Add bar codes &amp; magnetic stripe data (optional)</li> <li>• Easily upgrade when your needs grow</li> </ul>	<p>Web camera captures a photo with the simple click of the mouse.</p> <ul style="list-style-type: none"> <li>• Take pictures quickly and easily</li> <li>• Attaches easily to computer monitor with flexible clip</li> <li>• Create crisp images at 1.3 megapixels</li> </ul>	<ul style="list-style-type: none"> <li>• One-sided (simplex), high-resolution card printing</li> <li>• Edge-to-edge printing</li> <li>• Color, monochrome and UV printing capabilities</li> <li>• Rewrite capability (special cards required)</li> <li>• Alphanumeric text, logos and digitized signatures; 1D/2D bar code images</li> <li>• Automatic 100-card input hopper</li> <li>• Intuitive LCD panel with soft-touch controls</li> <li>• Optional 200-card input hopper and 100-card output hopper (must be ordered separately)</li> </ul>
